THE DIRECT TAX BILL!

Which Was Once Vetoed by Cleveland, Passes the Senate--The Mudd Contested Case.

WASHINGTON, Jan. 28.—The senate this afternoon passed the direct tax bill, which passed the last congress and was vetoed by President Cleveland.

The bill passed by a vote of 44 to 7. At 1 o'clock consideration of the resolution of Senator Chandler calling for information concerning the Aberdeen, Miss., outrage, was resumed, and Mr. George addressed the senate.

WASHINGTON, Jan. 28.—The Mudd-Compton contested election case came up before the elections committee of the house to-day. A large number of persons were present. Both parties were represented by counsel. This case is considered the most interesting of the seventeen cases before the committee.

The contestant, Sidney E. Mudd, charges that Mr. Compton, who served several terms in the house, was elected by fraud and intimidation. He alleged improper returns in Charles and St. Mary's counties, and threats and intimidation in Annie Rundell county, as well as irregularities in Baltimore city and county and in other places. Mr. Compton, through his attorneys, claimed that votes thrown out in several counties should have been counted for him. The printed testimony in the case is voluminous.

At a meeting of the house committee on military affairs to-day a favorable report on the bill placing Gen. John C. Fremont on the retired list of the army, with the rank of major-general, was ordered to be made to the house.

Favorable reports were also ordered on the bills appropriatig $40,000 for the opening of the new soldiers' home at Marion, Ind., and to authorize the sale of the Fort Bliss military reservation near El Paso, Texas, and the purchase of another site.

At its meeting this morning the senate committee on privileges and elections agreed to take up the Montana election cases February 15, and to give all persons interested a hearing on that day.

The senate committe on finance today referred the McKinley custom administrative bill to a sub-committe consisting of Senator Allison, Aldrich and McPherson. Mr. Allison is absent from the city, but the other members of the sub-committee went to work on the bill this afternoon. The "Ribbons" bill was referred to a committee. It will be referred in regular form to the secretary of the treasury for a report.

A favorable report on the bill for the relief of the survivors of the wreck of the United States vessels at Samoa was ordered by the house naval committee to-day. An amendment bringing those who have since died of injuries received in the disaster, under the provisions of the bill, was added. The bill transferring the revenue marine service to the navy was discussed by the committee, but no conclusion was reached.

DON'T LIKE PROHIBITIONISTS.

The Woman's Christian Temperance Union Refused the Occupancy of a Building.

MILWAUKEE, Wis., Jan. 28. —The Woman's Christian Temperance Union here yesterday received formal notice from the directors of the Young Men's Christian Association building. The notice says that, having allied themselves with the prohibition party, the women must be treated like any other political organization and are therefore debarred from occupying quarters in the Young Men's Christian Association building.

This charge grows out of the action taken at the Chicago convention recently, which the Temperance union indorsed. The Young Men's Christian association people are exceedingly loath to talk about the matter.

Secretary Willetts said last evening, he would let the directors explain if they saw fit. It is hinted in outside circles that one of the reasons for the action on the part of the directors was that several liberal subscribers to the Young Men's Christian association funds complained about the ladies being in the building, saying they were really the prohibition party.

A Historic Woman.

NEW YORK, Jan. 28.—MRS. Sarah Bainbridge Hayes, the last surviving child of Commodore Bainbridge who commanded the frigate Constitution in the celebrated fight with Guierre in the war of 1812, died early to-day at the residence of her son-in-law, 72 West Twelfth street. She was in her eighty-seventh year.

EL PASO, Texas, Jan. 28.—Lieutenant Schwatka is in the city, accompanied by F. Howard O'Neill, in charge of eleven Cliff dwellers from the Sierra Madre mountains, who are members of the Tahuarmari tribe and speak a dialect of their own. SHORT IN HIS ACCOUNTS.

A County Treasurer is Out $4,000 and Does Not Know Where it is--Other Telegrams.

HUTCHINSON, Kan., Jan. 28.—A. R. Lasty, treasurer of Scott county, Kan., is short in his accounts about $4,000. He attempts no explanation further than that the money is gone and he does not know where.

DENVER, Jan. 28.—The recent post-office robbery at Albuquerque turns out to be much larger than at first supposed. Chicago merchants will suffer heavily, as it was the Pacific coast east bound mail that was plundered. The mail had been sent by the Southern route on account of the snow blockade. Telegrams were received by the postoffice inspector here yesterday, asking for more assistance. It is believed to be the work of an organized gang of experts, who knew of the diversion of the Trans-Continental mail.

DES MOINES, Iowa, Jan. 28.—The Des Moines fire insurance company, of this city, has levied attachments upon the property of Theodore Gatchill, late secretary of the company, for the sum of $9,000. Mr. Gatchill resigned his position a few days ago, sold his stock, and and left the company. Since then the books have been examined, and it is charged that he has drawn warrants which he was not authorized to draw to the extent of the sum named.

A GAY TEA MAN.

He Elopes With an English Woman and Her Cash.

MONTREAL, Can., Jan. 28.—W. D. Gallagher, who embodied in his person the Union Pacific Tea company, suddenly left the city with a young English woman, who is said to be the possessor of $35,000 in hard cash. A week ago Gallagher complained to his clerk that he was feeling quite unwell and would have to go home. He took care to empty the till before leaving. He is now believed to be in California.

The clerk's suspicions were not aroused until a day or two later. When the creditors visited the store to take possession of the stock, they saw hundreds of first-class tea chests that adorned the shop and filled the store room behind, all filled with valuable stock. Investigation proved that holes had been bored in each chest and all the tea abstracted, the hole then being neatly covered with foil.

THE KNIFFEN MURDER.

The Coroner's Jury Return a Verdict in the Case.

TRENTON, N. J., Jan. 28.—The coroner's jury in the Kniffen murder brought in a verdict this morning, declaring that Mrs. Kniffen came to her death by the administration of chloroform by the hands of unknown parties.

The jury further declared that their labors had been hampered by the withholding of important testimony from the jury, by which they might have arrived at a different verdict.

A STRICKEN CITY.

Half the Population of Bloomington, Illinois, Ill with La Grippe.

BLOOMINGTON, Jan. 28.—A physician of this city, who was called to Colfax yesterday, found that place in a deplorable condition. One doctor has just died from influenza, another is very ill from the same disease and the only other doctor of the place was called away by sickness of relatives. Half the population of the the town was sick from la grippe and hundreds were needing medical attention both in the town and about it.

Most Released.

NEW YORK, Jan. 28.—The argument on the Johann Most writ of habeas corpus was heard in the private room of the supreme court judges to-day reporters being excluded. Presiding Justice Van Brunt heard the motion for a stay pending an appeal to the court of appeals, and granted it, fixing the bail in which Most may be liberated at $5,000. Mrs. Ida Hoffman attached her name to the new bond and Most was released.

AVENGED HER DEATH.

An Arkansas Boy Puts the Deadly Bullet Into the Body of His Sister's Murderer--Other Crimes.

BATESVILLE, Ark., Jan. 28. — Jake Schrieber, aged about twenty-one years, shot Miss Emma Fry and George Meissner Sunday as they sat talking on the balcony of the girl's home, eight miles east of here. The girl will probably die, but Meissner will recover. As Schrieber rode out of the yard Albert Fry, a young brother of the girl, seized a revolver and fired three shots at him, the last of which took effect in the back of his head and knocked him down, but he arose and resumed his flight.

Yesterday afternoon Schieber was found in an old house in the neighborhood almost dead. In addition to the shot he had received from Fry he had shot himself with the last cartridge in his revolver, but failed to inflict a fatal wound. He had taken a heavy stone and tried repeatedly to crush his head and each blow had rendered him unconscious for a time. He was brought here last evening and lodged in jail where he lies in a very precarious condition. Schrieber and Meissner were rivals for the hand of Miss Fry.

WICHITA, Kan., Jan. 28.—Dudley Murphy, a leading citizen of Clear Water, 300 miles west, was shot in the back yesterday by Dr. Straum, a prominent physician of the town.

Murphy was coming out of a drug store and Straum was concealed in a stairway watching for him. As Murphy turned to walk down the street Straum shot him in the back with a Winchester. Murphy fell and Straum reloaded and shot him in the back of the neck. He then pulled a revolver and shot the dying man four times and snapped the other cartridge in his revolver.

Murphy was picked up dead and Straum hastened to the jail and gave himself over to the sheriff for protection. A lynching is feared. Murphy just returned from Oklahoma and in his absence of three weeks, it is said, intimate relations sprang up between Mrs. Murphy and the doctor. Straum claims that he heard Murphy was going to kill him and hence his action. Murphy's friends say that he knew nothing of it. Straum has a wife and two children.

SIOUX CITY, Ia., Jan. 28.—Lee Miner, a well known cattle buyer of Tekamah, Neb., became insane yesterday morning and suddenly assaulted Leander Scott, a young man employed at the stock yards, cutting his throat with a dirk knife. The jugular vein was severed and Scott died in a few minutes. The murderer then sat down and calmly waited to be arrested.

SAN ANTONIO, Tex., Jan. 28.—Tony Wilson, aged twelve, and Robert Mills, aged fourteen, quarreled at a variety theatre Sunday night, and went to a neighboring square to fight it out. Wilson remarked that if he had a knife he would settle the matter very quickly. Mills produced a jack knife and gave it to Wilson, daring him to use it. Wilson at once drove the blade of the knife into Mills' heart. Mills fell dead and the young murderer fled, but afterwards went home and was delivered up to the police. He has been an unruly boy.

RESENTED AN INSULT.

The Hebrew Citizens of Albany, N. Y., Withdraw Deposits From a Bank for Insults to Their Race.

ALBANY, N. Y., Jan. 28.—There was an exciting time at the Albany City bank yesterday afternoon. Cashier John Templeton died a short time ago and yesterday afternoon the directors met to elect his successor.

It was expected that David S. Mann, the teller, who has been in the bank for nearly twenty years, would be promoted, but there was a hitch in the program, and during the stormy session of the board one of the directors is credited with saying that they did not want any "Sheeney" at the head of their bank. When Mr. Mann heard this he resigned at once and two of the directors, one of whom was Dudley Farlin, also tendered their resignations, saying they could not afford to be connected with an institution where such ideas prevailed.

The directors then selected William N. Sanders, a well known business man, as cashier. No sooner was their action known on the street, and the alleged insult to the race noised abroad than the Jewish customers of the bank began to withdraw their deposits. Within an hour a crowd of angry men, representing some of the largest houses in the city, and the bank's best customers filled the space in front of the desk demanding that their accounts be closed at once.

One man received a certified check for nearly $200,000, and it is said that nearly half a million was withdrawn. The proceedings will probably be continued to-day, but the bank officers say they can stand it and are satisfied with their choice. The matter is the leading subject of conversation in town.

ANOTHER VICTIM.

Mrs. Emma Toomey, of Dunfee, Meets a Horrible Death on the Nickel Plate.

Mrs. Emma Toomy, a deaf and dumb lady, met a horrible death yesterday at Dunfee, a village, ten miles west of this city. She was run down and instantly killed by a Nickel Plate train.

The details of the sad accident, as far as the SENTINEL reporter is able to get them, are as follows:

About 3 o'clock yesterday afternoon Mrs. Toomy, a middle-aged lady, who lived about a half mile west of Dunfee, was going to the village for some purpose, and as the shortest route, walked along the Nickel Plate track.

A light engine and caboose approached her from behind. Being deaf and dumb, Mrs. Toomy did not hear the frantic signals of alarm sounded by the engineer and was totally unaware of her danger until the pilot struck her, knocking her down. Her body was frightfully mangled and torn by the merciless wheels and death was almost instantaneous.

No blame can be attached to the train men, who used every effort at their command to warn the unfortunate lady, but without avail. Mrs. Toomy has relatives in this city.

MEXICAN BANDITS

Cross the Border and Commit Depradation in Texas.

BROWNSVILLE, Tex., Jan. 28.—Two bands of thieves from Mexico have been operating on this side of the river lately. Last week they captured three men near the Calaboas ranch about fifteen miles from this place, and after binding them hand and foot, robbed them and wounded one with a sword. They succeeded in escaping across the border with twenty-three head of horses.

The other band killed a number of cattle and drove off twenty horses and nineteen mules belonging to different people along the border. They were foiled in an attempt to rob a store, but meeting a man named Santillana, they compelled him to remove his clothing which they carried off. Captain Brooks, of the rangers, is now in pursuit.

WE MUST HAVE THEM.

Which Refers to Pavements--Meetings Held in Several Wards Last Night.

Meetings were called last night in several different wards in the city for the purpose of coming to some understanding as to what improvements in the way of new pavements shall be recommended to the city council which meets to-night to consider this question so vital to the city's welfare.

The general conviction appears to be that we need new pavements and need them badly.

Councilman Ely presided at the City hall over a meeting of Broadway property owners, who, after a lengthy discussion as to the kind of paving they would have, decided upon cedar blocks for Broadway from Creighton avenue south to the Nickel Plate railway.

The property owners of the seventh ward, resolved to recommend cedar blocks for Hanna street between Creighton avenue and the railroad tracks; DeWald street from Hanna, to Calhoun; Creighton avenue from Hanna street to Walton avenue and Lafayette street from Creighton avenue to the railroad.

The Sixth ward people met at the city clerk's office and decided on a pavement on DeWald street and Fairfield avenue, but as there was not a full representation the matter will come up again. A majority favored cedar blocks.

An informal meeting of First ward people was held at J. H. Hartman's, but no definite action was taken. A canvass of the property owners on Wayne and Washington streets, between Barr and Hanna streets, the east and west limits of the ward, shows an almost unanimous demand for pavements fire brick or asphalt being the favorite material on Wayne street and cedar block on a plank foundation on Washington street.

A meeting of the citizens of the Eighth ward was held at the A. M. E. church to discuss the matter of pavements. After much discussion it was decided to recommend that a cedar block pavement be laid on Lewis and Division streets; that East Wayne street, from Clinton to Glasgow avenue, be macadamized; that Washington street, between Hanna and Harmer streets, be paved with cedar blocks.

The property owners on Maumee avenue could not come to any satisfactory understanding among themselves as to what style of paving they desire and the matter was left in abeyance.

A committee recently sent to Chicago by the Berry street property owners have voted in favor of asphaltum for that thoroughfare, and it is possible that it will be adopted, although it will meet with determined opposition.

There will be a largely attended meeting of the city council this evening when the pavement question will come up for discussion. One thing has been definitely settled. Our citizens are determined that our thoroughfares must be paved and it now remains only to decide upon the best and incidentally the cheapest manner in which the desired result may be obtained.

But He Was Not the Man.

W. H. Fisher, general passenger and ticket agent, of the Muncie route, was standing at the foot of the stairs leading to his office, the other morning taking a parting whiff at his cigar, when he was approached by an ancient Hibernian with a short black pipe, who asked him for a match.

Mr. F. informed him that he had no match but would accommodate him with a light from his Havana. Taking the proferred weed and jamming it into the bowl of his dhudeen meanwhile gazing up comically into the face of the general passenger agent, he said:

Puff, puff—"Is your name Brown?"

"No sir, my name is not Brown, my name is Fisher."

Puff, puff—"Will ye luk loike a frind of mine and his name is Brown." Puff, puff—"and I tell ye sor, he wor the toughest mug I ever see," puff, puff—"but I see ye are not the mon."

REV. S. T. GILLETT, D. D., the venerable Methodist preacher, who has spent so many years in religious and educational work in Indiana, died yesterday at Indianapolis, of a general breaking down of the constitution, aged about eighty-one.

GENERAL SHERMAN will be seventy years old on the 8th of February. The Union League club, of New York, will give him a reception on the occasion, to which the president, the members of the cabinet and the chief officers of the army and navy are invited.

THE suit of Warden Patten, of the prison south, against ex-Warden Howard to recover $2,800 which it is alleged belongs to the convicts in the pen, and was misappropriated by Howard, has been concluded at Jeffersonville. The verdict was against him, the jury finding for $2,500.

MR. THOMAS G. SHEARMAN, of Brooklyn, N. Y., desiring to encourage the efforts of college and university students, and others, in economic studies, has offered through the American Economic association the sum of $50 for the best essay on the subject of estate and local taxation of personal property in the United States.

THE famous Jones twins are now in Philadelphia, astonishing the natives of the Quaker City by their unique anatomy for $1,000 a month. The celebrated twins are now past six months old and are said to have developed into handsome children. While lying on their backs they vary the monotony of life by raising up their heads and looking at one another.

UNCLE SAM pays his 200,000 employes, including soldiers and sailors, an average salary of $825 apiece. The average earnings of the plain every-day citizen, who gets pay in proportion to the work he does, are about half that much, probably. This state of affairs explain, perhaps, why about 26,000,000 male American citizens make a dead set for about 50,000 offices every four years.

THE bill for the admission of Idaho into the union is said to disfranchise all residents who have loaded themselves with the obligations prescribed in the "Endowment House" ceremonies as a condition of admission to the church. The Mormons are fighting the bill bitterly, both in congress and the courts. They don't want their church put under the ban of the law in so permptory a fashion.

A BILL has been introduced in the Ohio legislature providing for the payment by the state to each county a sum equivalent to one-half cent for each inhabitant, providing the sum total for any one county does not exceed $200. This money is to be expended in the support of farmers' institutes, although no part of it is to be paid in salaries, and no county shall receive the benefit of the law until its institute has been organized and has in its treasury $25 of its own money.

THE intimate friends in Logansport of Dr. Frank Ingram, of New York city, learn, through what they claim reliable sources, that the doctor is engaged and in the near future will marry Miss Nellie Bly, who has just completed a tour around the world. The doctor was born and raised at Logansport. He was one of the medical men who examined Miss Bly relative to her mental condition while she was incarcerated in a New York insane asylum. She had completed the mission on which she was sent and was trying to secure her freedom. Dr. Ingram pronounced her sane. Afterward an attachment sprang up between them, which will result in their marriage. Dr. Ingram has a brother, John, living in Indianapolis.

ENGLISH syndicates have put $4,000,000 in Chicago breweries; $4,500,000 in New York breweries, and $12,000,000 in St. Louis breweries. Whichever route the world's fair may take the syndicates are assured of a halcyon and vociferous trade.

AN enterprising capitalist in Philadelphia has engaged a number of bootblacks and pays them a fixed sum for their services, no matter how much they take in. He is as suspicious as he is enterprising, and has attached to each boot-blacking box a register, which the operator is required to ring every time he secures a patron.

To prevent the theft of postage stamps a special stamp for business firms that use the mails largely has been proposed. If the idea is adopted, the new stamp will be twice the size of the ordinary one, with the business card of the firm beside the usual vignette. Dishonest employes would find it difficult to dispose of stamps bearing their employers' name.

THE Civil Service Chronicle, published at Indianapolis says: "The annual meeting of the Indiana Civil Service Reform association will be held in March or April. As the time approaches the project of holding it in Fort Wayne is being discussed. Many prominent men in the city have become identified with the association, and have taken an active interest in the work. It is true, also, that cities like Fort Wayne, Richmond and Terre Haute should have the civil service law applied to their local federal offices; this object, agitation at home would tend to hasten."

SOME of the guides in Washington, who show the sights to strangers, are men of rare acquirements. One of them a few days ago took a party of three ladies into the court of appeals room. Stopping before Palmer's bronze statue of Chancellor Livingston, he said, "This is a bust of Livingston, the discoverer." "I never heard of Livingston, the discoverer, before," ventured one of the ladies. "Are you sure?" "Yes, mum," replied the guide, "quite sure. He was a navigator of great renown. See his telescope in his hand" (pointing to a scroll). Then with a swing of his hand the guide called attention to the portraits of eminent jurists of the past about the walls. "These are all pictures of navigators who have become famous. There are some lawyers among them, though."

NOT DOWN ON THE BILLS.

A Scene at a Theater Which Was Greeted With Storms of Applause.

An amusing incident occurred during a recent performance of "The Shadows of a Great City" in New York. There a scene in the play in which a child is roughly tossed from a rock into the rushing river below.

An officer of the Society for the Prevention of Cruelty to Children, hearing of this, deemed it his duty to put a stop to such actions, and in pursuance of that policy, detailed an officer to look after it.

The officer, on the evening in question, repaired to the theater and gained admission to the stage, there to await the coming of the scene in which he was to play so important a part. He had not long to wait, however, and amid a breathless silence, the child was thrown from the rock, when, to the consternation of all, on rushed the officer, grabbing the child, when, to his surprise, he discovered, instead of the real innocent, a rag baby.

The audience, not being advised of this scene, greeted it with storms of applause. The child who plays the part, was standing in the wing clapping its little hands and laughing over the scene not down on the bills. Our official friend slunk from the building, and it is perfectly safe to assume that the "Shadows of a Great City" company will not be bothered by that ambitious individual hereafter.

The Columbia City Times says: "Mr. Wm. Geake, contractor for the stone work on the court house, completed his contract on the 13th inst. His work amounted in round numbers, to the sum of $40,000. Of this sum, he informs us, he paid in labor and freight, about $28,000, mostly in labor. In every respect Mr. Geake has done a most excellent and satisfactory job. He tells us that he has lost over $3,000 on the contract, owing to the strike and advance in wages growing out of them."

What is a cold in the head? Medical authorities say it is due to uneven clothing of the body, rapid cooling when in a perspiration, &c. The important point is, that a cold in the head is an inflammation of the lining membrane of the nose, which, when unchecked, is certain to produce a catarrhal condition—for catarrh is essentially a "cold," which nature is no longer able to "resolve" or throw off. Ely's Cream Balm has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.

"It Disagrees with Me."

A common remark. If you take Tutt's Pills you can eat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regular bowels.

Don't Fear Now.

Rev. R. Burts, Manata, Fla., says: "Tutt's Pills are held in high repute as a Liver Regulator. I hardly know how we could get along without them. Chills and fever have lost their dread. Our people take one or two doses of the Pills, and follow it with fifteen grains of quinine, divided in three doses during the day. The chill never returns."

As They Are Caught Around the Busy Centers---The Pennsylvania Company's Earnings.

The Pennsylvania Railroad company earned more money in the year 1889 than in any previous year of its history, in spite of floods and other interruptions. For the last six months its periodical statements have shown steady gains, and the earnings of December, published on Friday last, lead all, and bring the total for the year far ahead of any previous year, the receipts of December reaching $4,495,264. The earnings of the year are beyond parallel, reaching in the twelve months $61,514,444. Every month, June excepted, showed an increase over the corresponding month of 1888. The average gross earnings were $5,127,670 a month. The growth of the business on that system is shown in the fact that in 1885 the average monthly earnings were $3,801,252.

The returns on the western lines are fully as good as on the lines east of Pittsburg. In 1888 the lines west of Pittsburg did not earn interest charges by $170,145, and to make good this deficiency and provide for other needs the Pennsylvania road proper had to hand over to the western lines $1,020,000 of the profits of its eastern lines. Last year, however, the western roads earned all their charges and $1,192,817 besides. Taking the whole system, east and west, the Pennsylvania railroad stockholders are better off by $2,838,977 than they were in 1888. All the expenses of repairing the flood damages were defrayed out of the year's receipts.

A PENCIL PICTURE.

For the last ten years Capt. F. F. Boltz has been purchasing timber agent for the Olds wheel works. A few months more than a half century has passed over his head and his life has been an eventful one. He was born in Prussia and came to this country with his parents when he was but ten years of age, settling, in 1849, in Fort Wayne. Here he obtained a common school education, and when fourteen years of age, commenced clerking, which he continued until the breaking out of the war.

With the first call for volunteers he enlisted in the army and served until the close of the rebellion. His soldier record was one of bravery and with the army of the west he participated in many hotly waged battles, never shirking duty or refusing to face danger for the flag which he still continues to love so well. When the war closed he came to this city and engaged in the grocery business, retiring from it in 1875 to become cashier of the Empire line, which position he resigned in 1880 to accept his present one.

He is one of the prominent G. A. R. men of the city and is past commander of the Sion S. Bass post. Personally Captain Boltz is one of the pleasantest of men and enjoys a wide circle of friends. He has opinions, and whether it is in politics or some other subject, expresses them with a force and a clearness that there is no mistaking his meaning.

Conductor C. F. Underwood, of the Fort Wayne, Cincinnati and Louisville passenger service, is confined to his bed with pneumonia. Conductor Shea lifts fares and punches tickets during Mr. Underwood's illness.

General Passenger Agent Ford, of the Pennsylvania lines west of Pittsburg, and of the Vandalia, has sent a protest to General Passenger Agents Chandler, Townsend and Wishart against the proposed application of differential fares through St. Louis to New York, as affecting rates from Missouri points. This, it is feared in passenger circles, means another passenger rate war out of St. Louis.

The caboose and several cars of the Chicago and Atlantic freight train in charge of Conductor Hill, were demolished Saturday night at Griffith, by a rear end collision with a Wabash train. The engine of No. 58, drawing the Chicago and Atlantic train, broke an eccentric, which caused a delay, and the Wabash train came on with such speed as to render it impossible to stop until the crash came. The road was blockaded and passenger trains used the Pan Handle road from Griffith, reaching the Chicago and Atlantic road at Knox.

The prospects are good that, within the next eighteen months, there will be another direct line between Cleveland and Chicago. The Baltimore and Ohio is behind the movement. This is said to be one of the reasons for that company's purchasing the Valley road. The link needed from Akron to Chicago Junction has already been located, and it will now doubtless be built. While it is not generally known, the Big Four, from Cleveland to Crestline, and the Pittsburg, Fort Wayne and Chicago from that point to Chicago, makes a shorter route than does the Lake Shore between Cleveland and Chicago.

W. D. Lane, the crooked postal clerk arrested in Pittsburg, was taken Saturday to Indianapolis, where he had a hearing before Commissioner Van Buren. He now confesses to stealing two letters, one at Bowerstown containing $225, and the decoy letter at Richmond, containing $5. He denies that his operations extended any further than this, but there is little doubt that during the past three months he has stolen over $400 from registered letters. When taken to Marshal Dunlap's office he said: "Well, I guess you've got me in a very bad hole," and then acknowledged the theft of the two letters mentioned above.

To the "Good name at home," won by Hood's Sarsaparilla. In Lowell, Mass., where it is prepared, there is more of Hood's Sarsaparilla sold than of all other medicines, and it has given the best of satisfaction since its introduction ten years ago. This could not be if the medicine did not possess merit. If you suffer from impure blood, try Hood's Sarsaparilla and realize its peculiar curative power.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Piles! Piles! Itching Piles.

SYMPTOMS—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S OINTMENT stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. Swayne & Son, Philadelphia.

THE FLEA.

The Peculiarities and Immense Activity of this Little Animal—What it Teaches.

The good old adage saying, "Never be in a hurry unless you're catching fleas," has a most important bearing on our lives at the present day, and from it we can learn a fact well worthy of sober thought. Doctors tell us (and for once they are right) that we are living too fast. We eat, work, play, do business all with a rush. We take proper time for nothing. We sleep too little, worry too much, exercise not half enough, read and study too continuously. As a consequence, brain softening, paralysis, early deaths, intemperance, dyspepsia, constipation, neuralgia, and nervous exhaustion are far too common. Our insane asylums are daily becoming more crowded, we hear more of sleeplessness, our suicides are becoming almost hourly occurrences.

Our advice is to "go slow," take life easier and use some good tonic and brain food like Rogers' Royal Nervine, which is unequalled for this purpose.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 5c. Best Standard A., 6¼c.

COFFEE, COFFEE—Rio, Java and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 20c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Best Roasted Rio, 23c. lb. Sampson Brand in lb. Packages, 24c.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

When THE SENTINEL'S special wire brought the news that John M. Ward, the representative of the Players' league, had beaten the National league magnates in a suit at law in a New York court, some of the printers, headed by Sandy Drummond, the acknowledged "boss printer base-ballist," stood themselves on end and for a moment performed an impromptu war dance for joy over the Brotherhood victory.

Before the Mayor.

There was a dearth of business at the police court this morning.

John Henry Auer was slated as being harmlessly and inoffensively drunk. He was gathered in by Officer Limecooly, while affectionately and persuasively endeavoring to borrow beer money from a lamp post on Jackson street.

His honor benevolently beamed over his glasses at the culprit and assessed him $1 and the accompanying costs, aggregating $10.50, which the prisoner yielded up and departed.

THE DIRECT TAX BILL!

Which Was Once Vetoed by Cleveland, Passes the Senate--The Mudd Contested Case.

WASHINGTON, Jan. 28.—The senate this afternoon passed the direct tax bill, which passed the last congress and was vetoed by President Cleveland.

The bill passed by a vote of 44 to 7. At 1 o'clock consideration of the resolution of Senator Chandler calling for information concerning the Aberdeen, Miss., outrage, was resumed, and Mr. George addressed the senate.

WASHINGTON, Jan. 28.—The Mudd-Compton contested election case came up before the elections committee of the house to-day. A large number of persons were present. Both parties were represented by counsel. This case is considered the most interesting of the seventeen cases before the committee.

The contestant, Sidney E. Mudd, charges that Mr. Compton, who served several terms in the house, was elected by fraud and intimidation. He alleged improper returns in Charles and St. Mary's counties, and threats and intimidation in Annie Rundell county, as well as irregularities in Baltimore city and county and in other places. Mr. Compton, through his attorneys, claimed that votes thrown out in several counties should have been counted for him. The printed testimony in the case is voluminous.

At a meeting of the house committee on military affairs to day a favorable report on the bill placing Gen. John C. Fremont on the retired list of the army, with the rank of major-general, was ordered to be made to the house.

Favorable reports were also ordered on the bills appropriatig $40,000 for the opening of the new soldiers' home at Marion, Ind., and to authorize the sale of the Fort Bliss military reservation near El Paso, Texas, and the purchase of another site.

At its meeting this morning the senate committee on privileges and elections agreed to take up the Montana election cases February 15, and to give all persons interested a hearing on that day.

The senate committe on finance today referred the McKinley custom administrative bill to a sub-committe consisting of Senator Allison, Aldrich and McPherson. Mr. Allison is absent from the city, but the other members of the sub-committee went to work on the bill this afternoon. The "Ribbons" bill was referred to a committee. It will be referred in regular form to the secretary of the treasury for a report.

A favorable report on the bill for the relief of the survivors of the wreck of the United States vessels at Samoa was ordered by the house naval committee to-day. An amendment bringing those who have since died of injuries received in the disaster, under the provisions of the bill, was added. The bill transferring the revenue marine service to the navy was discussed by the committee, but no conclusion was reached.

DON'T LIKE PROHIBITIONISTS.

The Woman's Christian Temperance Union Refused the Occupancy of a Building.

MILWAUKEE, Wis., Jan. 28.—The Woman's Christian Temperance Union here yesterday received formal notice from the directors of the Young Men's Christian Association building. The notice says that, having allied themselves with the prohibition party, the women must be treated like any other political organization and are therefore debarred from occupying quarters in the Young Men's Christian Association building.

This charge grows out of the action taken at the Chicago convention recently, which the Temperance union indorsed. The Young Men's Christian association, people are exceedingly loath to talk about the matter.

Secretary Willetts said last evening, he would let the directors explain if they saw fit. It is hinted in outside circles that one of the reasons for the action on the part of the directors was that several liberal subscribers to the Young Men's Christian association funds complained about the ladies being in the building, saying they were really the prohibition party.

A Historic Woman.

NEW YORK, Jan. 28.—Mrs. Sarah Bainbridge Hayes, the last surviving child of Commodore Bainbridge who commanded the frigate Constitution in the celebrated fight with Guierre in the war of 1812, died early to-day at the residence of her son-in-law, 72 West Twelfth street. She was in her eighty-seventh year.

Lieutenant Schwatka.

EL PASO, Texas, Jan. 28.—Lieutenant Schwatka is in the city, accompanied by F. Howard O'Neill, in charge of eleven Cliff dwellers from the Sierra Madre mountains, who are members of the Tahuarmari tribe and speak a dialect of their own. They come from Yokohoma, 200 miles from Chihuahua. One of the men has a record of traveling 100 miles in eleven hours. These people will be exhibited in this country and Europe.

SHORT IN HIS ACCOUNTS.

A County Treasurer is Out $4,000 and Does Not Know Where it is--Other Telegrams.

HUTCHINSON, Kan., Jan. 28.—A. R. Lasty, treasurer of Scott county, Kan., is short in his accounts about $4,000. He attempts no explanation further than that the money is gone and he does not know where.

DENVER, Jan. 28.—The recent post-office robbery at Albuquerque turns out to be much larger than at first supposed. Chicago merchants will suffer heavily, as it was the Pacific coast east bound mail that was plundered. The mail had been sent by the Southern route on account of the snow blockade. Telegrams were received by the postoffice inspector here yesterday, asking for more assistance. It is believed to be the work of an organized gang of experts, who knew of the diversion of the Trans-Continental mail.

DES MOINES, Iowa, Jan. 28.—The Des Moines fire insurance company, of this city, has levied attachments upon the property of Theodore Gatchill, late secretary of the company, for the sum of $9,000. Mr. Gatchill resigned his position a few days ago, sold his stock, and and left the company. Since then the books have been examined, and it is charged that he has drawn warrants which he was not authorized to draw to the extent of the sum named.

A GAY TEA MAN.

He Elopes With an English Woman and Her Cash.

MONTREAL, Can., Jan. 28.—W. D. Gallagher, who embodied in his person the Union Pacific Tea company, suddenly left the city with a young English woman, who is said to be the possessor of $35,000 in hard cash. A week ago Gallagher complained to his clerk that he was feeling quite unwell and would have to go home. He took care to empty the till before leaving. He is now believed to be in California.

The clerk's suspicions were not aroused until a day or two later. When the creditors visited the store to take possession of the stock, they saw hundreds of first-class tea chests that adorned the shop and filled the store room behind, all filled with valuable stock. Investigation proved that holes had been bored in each chest and all the tea abstracted, the hole then being neatly covered with foil.

THE KNIFFEN MURDER.

The Coroner's Jury Return a Verdict in the Case.

TRENTON, N. J., Jan. 28.—The coroner's jury in the Kniffen murder brought in a verdict this morning, declaring that Mrs. Kniffen came to her death by the administration of chloroform by the hands of unknown parties.

The jury further declared that their labors had been hampered by the withholding of important testimony from the jury, by which they might have arrived at a different verdict.

A STRICKEN CITY.

Most Released.

NEW YORK, Jan. 28.—The argument on the Johann Most writ of habeas corpus was heard in the private room of the supreme court judges to-day reporters being excluded. Presiding Justice Van Brunt heard the motion for a stay pending an appeal to the court of appeals, and granted it, fixing the bail in which Most may be liberated at $5,000. Mrs. Ida Hoffman attached her name to the new bond and Most was released.

AVENGED HER DEATH.

An Arkansas Boy Puts the Deadly Bullet Into the Body of His Sister's Murderer--Other Crimes.

BATESVILLE, Ark., Jan. 28.—Jake Schrieber, aged about twenty-one years, shot Miss Emma Fry and George Meissner Sunday as they sat talking on the balcony of the girl's home, eight miles east of here. The girl will probably die, but Meissner will recover. As Schrieber rode out of the yard Albert Fry, a young brother of the girl, seized a revolver and fired three shots at him, the last of which took effect in the back of his head and knocked him down, but he arose and resumed his flight.

Yesterday afternoon Schieber was found in an old house in the neighborhood almost dead. In addition to the shot he had received from Fry he had shot himself with the last cartridge in his revolver, but failed to inflict a fatal wound. He had taken a heavy stone and tried repeatedly to crush his head and each blow had rendered him unconscious for a time. He was brought here last evening and lodged in jail where he lies in a very precarious condition. Schrieber and Meissner were rivals for the hand of Miss Fry.

WICHITA, Kan., Jan. 28.—Dudley Murphy, a leading citizen of Clear Water, 300 miles west, was shot in the back yesterday by Dr. Straum, a prominent physician of the town.

Murphy was coming out of a drug store and Straum was concealed in a stairway watching for him. As Murphy turned to walk down the street Straum shot him in the back with a Winchester. Murphy fell and Straum reloaded and shot him in the back of the neck. He then pulled a revolver and shot the dying man four times and snapped the other cartridge in his revolver.

Murphy was picked up dead and Straum hastened to the jail and gave himself over to the sheriff for protection. A lynching is feared. Murphy just returned from Oklahoma and in his absence of three weeks, it is said, intimate relations sprang up between Mrs. Murphy and the doctor. Straum claims that he heard Murphy was going to kill him and hence his action. Murphy's friends say that he knew nothing of it. Straum has a wife and two children.

SIOUX CITY, Ia., Jan. 28.—Lee Miner, a well known cattle buyer of Tekamah, Neb., became insane yesterday morning and suddenly assaulted Leander Scott, a young man employed at the stock yards, cutting his throat with a dirk knife. The jugular vein was severed and Scott died in a few minutes. The murderer then sat down and calmly waited to be arrested.

SAN ANTONIO, Tex., Jan. 28.—Tony Wilson, aged twelve, and Robert Mills, aged fourteen, quarreled at a variety theatre Sunday night, and went to a neighboring square to fight it out. Wilson remarked that if he had a knife he would settle the matter very quickly. Mills produced a jack knife and gave it to Wilson, daring him to use it. Wilson at once drove the blade of the knife into Mills' heart. Mills fell dead and the young murderer fled, but afterwards went home and was delivered up to the police. He has been an unruly boy.

RESENTED AN INSULT.

The Hebrew Citizens of Albany, N. Y., Withdraw Deposits From a Bank for Insults to Their Race.

ALBANY, N. Y., Jan. 28.—There was an exciting time at the Albany City bank yesterday afternoon. Cashier John Templeton died a short time ago and yesterday afternoon the directors met to elect his successor.

It was expected that David S. Mann, the teller, who has been in the bank for nearly twenty years, would be promoted, but there was a hitch in the program, and during the stormy session of the board one of the directors is credited with saying that they did not want any "Sheeney" at the head of their bank. When Mr. Mann heard this he resigned at once and two of the directors, one of whom was Dudley Farlin, also tendered their resignations, saying they could not afford to be connected with an institution where such ideas prevailed.

The directors then selected William N. Sanders, a well known business man, as cashier. No sooner was their action known on the street, and the alleged insult to the race noised abroad than the Jewish customers of the bank began to withdraw their deposits. Within an hour a crowd of angry men, representing some of the largest houses in the city, and the bank's best customers filled the space in front of the desk demanding that their accounts be closed at once.

One man received a certified check for nearly $200,000, and it is said that nearly half a million was withdrawn. The proceedings will probably be continued to-day, but the bank officers say they can stand it and are satisfied with their choice. The matter is the leading subject of conversation in town.

ANOTHER VICTIM.

Mrs. Emma Toomey, of Dunfee, Meets a Horrible Death on the Nickel Plate.

Mrs. Emma Toomy, a deaf and dumb lady, met a horrible death yesterday at Dunfee, a village, ten miles west of this city. She was run down and instantly killed by a Nickel Plate train.

The details of the sad accident, as far as the SENTINEL reporter is able to get them, are as follows:

About 3 o'clock yesterday afternoon Mrs. Toomy, a middle-aged lady, who lived about a half mile west of Dunfee, was going to the village for some purpose, and as the shortest route, walked along the Nickel Plate track.

A light engine and caboose approached her from behind. Being deaf and dumb, Mrs. Toomy did not hear the frantic signals of alarm sounded by the engineer and was totally unaware of her danger until the pilot struck her, knocking her down. Her body was frightfully mangled and torn by the merciless wheels and death was almost instantaneous.

No blame can be attached to the train men, who used every effort at their command to warn the unfortunate lady, but without avail. Mrs. Toomy has relatives in this city.

MEXICAN BANDITS

Cross the Border and Commit Depradation in Texas.

BROWNSVILLE, Tex., Jan. 28.—Two bands of thieves from Mexico have been operating on this side of the river lately. Last week they captured three men near the Calaboas ranch about fifteen miles from this place, and after binding them hand and foot, robbed them and wounded one with a sword. They succeeded in escaping across the border with twenty-three head of horses.

The other band killed a number of cattle and drove off twenty horses and nineteen mules belonging to different people along the border. They were foiled in an attempt to rob a store, but meeting a man named Santillana, they compelled him to remove his clothing which they carried off. Captain Brooks, of the rangers, is now in pursuit.

Pilot Drowned.

NEW YORK, Jan. 28.—The barkentine Edward Cushing from Port au Spain reached quarantine to day. Her captain reports that during the heavy gale on Wednesday when off the highlands, a Sandy Hook pilot, who boarded the vessel the day previous, was washed overboard and drowned. The missing pilot's name is supposed to be John Canvin.

WE MUST HAVE THEM.

Which Refers to Pavements--Meetings Held in Several Wards Last Night.

Meetings were called last night in several different wards in the city for the purpose of coming to some understanding as to what improvements in the way of new pavements shall be recommended to the city council which meets to-night to consider this question so vital to the city's welfare.

The general conviction appears to be that we need new pavements and need them badly.

Councilman Ely presided at the City hall over a meeting of Broadway property owners, who, after a lengthy discussion as to the kind of paving they would have, decided upon cedar blocks for Broadway from Creighton avenue south to the Nickel Plate railway.

The property owners of the seventh ward, resolved to recommend cedar blocks for Hanna street between Creighton avenue and the railroad tracks; DeWald street from Hanna, to Calhoun; Creighton avenue from Hanna street to Walton avenue and Lafayette street from Creighton avenue to the railroad.

The Sixth ward people met at the city clerk's office and decided on a pavement on DeWald street and Fairfield avenue, but as there was not a full representation the matter will come up again. A majority favored cedar blocks.

An informal meeting of First ward people was held at J. H. Hartman's, but no definite action was taken. A canvass of the property owners on Wayne and Washington streets, between Barr and Hanna streets, the east and west limits of the ward, shows an almost unanimous demand for pavements fire brick or asphalt being the favorite material on Wayne street and cedar block on a plank foundation on Washington street.

A meeting of the citizens of the Eighth ward was held at the A. M. E. church to discuss the matter of pavements. After much discussion it was decided to recommend that a cedar block pavement be laid on Lewis and Division streets; that East Wayne street, from Clinton to Glasgow avenue, be macadamized; that Washington street, between Hanna and Harmer streets, be paved with cedar blocks.

The property owners on Maumee avenue could not come to any satisfactory understanding among themselves as to what style of paving they desire and the matter was left in abeyance.

A committee recently sent to Chicago by the Berry street property owners have voted in favor of asphaltum for that thoroughfare, and it is possible that it will be adopted, although it will meet with determined opposition.

There will be a largely attended meeting of the city council this evening when the pavement question will come up for discussion. One thing has been definitely settled. Our citizens are determined that our thoroughfares must be paved and it now remains only to decide upon the best and incidentally the cheapest manner in which the desired result may be obtained.

But He Was Not the Man.

W. H. Fisher, general passenger and ticket agent, of the Muncie route, was standing at the foot of the stairs leading to his office, the other morning taking a parting whiff at his cigar, when he was approached by an ancient Hibernian with a short black pipe, who asked him for a match.

Mr. F. informed him that he had no match but would accommodate him with a light from his Havana. Taking the proferred weed and jamming it into the bowl of his dhudeen meanwhile gazing up comically into the face of the general passenger agent, he said:

Puff, puff—"Is your name Brown?"

"No sir, my name is not Brown, my name is Fisher."

Puff, puff—"Well ye luk loike a frind of mine and his name is Brown." Puff, puff—"and I tell ye sor, he wor the toughest mug I ever see," puff, puff—"but I see ye are not the man."

Suit Dismissed.

TORONTO, Ont., Jan. 28.—The suit of Editor Farrar, of the Mail, against Editor Kribbs, of the Empire, for libel in charging the former with being a traitor to his country, was dismissed to-day in police court, complainant being unable to prove authorship. A number of employes of the Empire, including proof-readers, copy-holders, etc., were examined, but none of them were able to give evidence that proved anything.

An Explosion.

A common remark. If you take Tutt's Pills you can eat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regular bowels.

Don't Fear Now.

Rev. R. Barta, Manata, Fla., says: "Tutt's Pills are held in high repute as a Liver Regulator. I hardly know how we could get along without them. Chills and fever have lost their dread. Our people take one or two doses of the Pills, and follow it with fifteen grains of quinine, divided in three doses during the day. The chill never returns."

TUESDAY'S TIPS!

As They Are Caught Around the Busy Centers---The Pennsylvania Company's Earnings.

The Pennsylvania Railroad company earned more money in the year 1889 than in any previous year of its history, in spite of floods and other interruptions. For the last six months its periodical statements have shown steady gains, and the earnings of December, published on Friday last, lead all, and bring the total for the year far ahead of any previous year, the receipts of December reaching $4,495,264. The earnings of the year are beyond parallel, reaching in the twelve months $61,514,444. Every month, June excepted, showed an increase over the corresponding month of 1888. The average gross earnings were $5,127,870 a month. The growth of the business on that system is shown in the fact that in 1885 the average monthly earnings were $3,801,252.

The returns on the western lines are fully as good as on the lines east of Pittsburg. In 1888 the lines west of Pittsburg did not earn interest charges by $170,145, and to make good this deficiency and provide for other needs the Pennsylvania road proper had to hand over to the western lines $1,020,000 of the profits of its eastern lines. Last year, however, the western roads earned all their charges and $1,192,817 besides. Taking the whole system, east and west, the Pennsylvania railroad stockholders are better off by $2,838,977 than they were in 1888. All the expenses of repairing the flood damages were defrayed out of the year's receipts.

A PENCIL PICTURE.

For the last ten years Capt. F. F. Boltz has been purchasing timber agent for the Olds wheel works. A few months more than a half century has passed over his head and his life has been an eventful one. He was born in Prussia and came to this country with his parents when he was but ten years of age, settling, in 1849, in Fort Wayne. Here he obtained a common school education, and when fourteen years of age, commenced clerking, which he continued until the breaking out of the war.

With the first call for volunteers he enlisted in the army and served until the close of the rebellion. His soldier record was one of bravery and with the army of the west he participated in many hotly waged battles, never shirking duty or refusing to face danger for the flag which he still continues to love so well. When the war closed he came to this city and engaged in the grocery business, retiring from it in 1875 to become cashier of the Empire line, which position he resigned in 1880 to accept his present one.

He is one of the prominent G. A. R. men of the city and is past commander of the Sion S. Bass post. Personally Captain Boltz is one of the pleasantest of men and enjoys a wide circle of friends. He has opinions, and whether it is in politics or some other subject, expresses them with a force and a clearness that there is no mistaking his meaning.

THE DAY'S GOSSIP.

Louis Dehart, of the boiler shops at the Kerr Murray works, is ill with the grippe.

Charles C. Miller, private secretary to Manager R. T. McDonald, has returned from St. Louis.

John Hackinrider, carpenter at the east Pittsburg shops, is again at his post after an illness.

Rob Castle, laborer at White's wheel works, has returned to work after a week's vacation.

Clerk W. C. Baade, of the Pittsburg blacksmith shops, is on duty again after a few days illness.

W. S. Jordan, representing the passenger department of the Big Four railway, is in the city.

The Brotherhood of Locomotive Engineers will give a ball in this city on the evening of January 29.

Officer Romey found a man named McCarty, lying on the Pittsburg track last night helplessly drunk.

Will Hooper, who has been putting in a Fort Wayne electric plant at the Michigan City prison, has returned home.

Charles Knight, of the Fort Wayne Electric company, left for Cincinnati this morning on business for the company.

E. H. Rogers, Wm. Lohrman, and J. E. Long, engineers on the Pennsylvania road, have been off duty on account of sickness.

The name of the Brotherhood of Railway Brakemen was changed on January 1, and that order will hereafter be known as the Brotherhood of Railway Trainmen.

John Ford, of the Pittsburg car shops, sustained a severe fall while going to his work yesterday morning.

I. C. Peck, traveling passenger agent of the Fort Wayne, Cincinnati and Louisville railway, is at headquarters.

Barney Fitzpatrick, general foreman of the Pennsylvania machine shops, has returned to work, after being sick for some time.

Ed Mundt, assistant electrician at the Pittsburg shops, has returned from an extended wedding trip, and was at work yesterday.

C. P. Webb, the cut-rate ticket man who has ticket offices at various points, is here looking after the interests of his Fort Wayne office.

Tom Golden, clerk at the east Pittsburg car shops, who has been confined to his home for some time by sickness, was again at his desk yesterday.

George Wilson, operator for the Fort Wayne, Cincinnati and Louisville railroad at Bluffton, Ind., has resigned to take service with the Nickel Plate road.

Emanuel Martin has resigned his position as machinist at the oil, pump and tank works, to accept amore lucrative one with N. G. Olds & Sons' wheel works.

The Pennsylvania company has closed contracts for 1,200 more box cars. The car works at Erie are to build 500, those at South Chicago 500, and the Lafayette car works 200 of this number.

Charles Adams, assistant general passenger agent of the Pennsylvania lines, with headquarters at Chicago, is arranging his affairs to spend a few months in Europe. His health of late has been poor.

W. H. Mente, formerly on the Cincinnati, Hamilton and Dayton road, has been appointed agent of the Fort Wayne, Cincinnati and Louisville road at Bluffton, Ind., vice J. W. Stake, resigned.

Conductor C. F. Underwood, of the Fort Wayne, Cincinnati and Louisville passenger service, is confined to his bed with pneumonia. Conductor Shea lifts fares and punches tickets during Mr. Underwood's illness.

General Passenger Agent Ford, of the Pennsylvania lines west of Pittsburg, and of the Vandalia, has sent a protest to General Passenger Agents Chandler, Townsend and Wishart against the proposed application of differential fares through St. Louis to New York, as affecting rates from Missouri points. This, it is feared in passenger circles, means another passenger rate war out of St. Louis.

The caboose and several cars of the Chicago and Atlantic freight train in charge of Conductor Hill, were demolished Saturday night at Griffith, by a rear end collision with a Wabash train. The engine of No. 58 drawing the Chicago and Atlantic train, broke an eccentric, which caused a delay, and the Wabash train came on with such speed as to render it impossible to stop until the crash came. The road was blockaded and passenger trains used the Pan Handle road from Griffith, reaching the Chicago and Atlantic road at Knox.

The prospects are good that, within the next eighteen months, there will be another direct line between Cleveland and Chicago. The Baltimore and Ohio is behind the movement. This is said to be one of the reasons for that company's purchasing the Valley road. The link needed from Akron to Chicago Junction has already been located, and it will now doubtless be built. While it is not generally known, the Big Four, from Cleveland to Crestline, and the Pittsburg, Fort Wayne and Chicago from that point to Chicago, makes a shorter route than does the Lake Shore between Cleveland and Chicago.

W. D. Lane, the crooked postal clerk arrested in Pittsburg, was taken Saturday to Indianapolis, where he had a hearing before Commissioner Van Buren. He now confesses to stealing two letters, one at Bowerstown containing $225, and the decoy letter at Richmond, containing $5. He denies that his operations extended any further than this, but there is little doubt that during the past three months he has stolen over $400 from registered letters. When taken to Marshal Dunlap's office he said: "Well, I guess you've got me in a very bad hole," and then acknowledged the theft of the two letters mentioned above.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. THE FLEA.

The Peculiarities and Immense Activity of this Little Animal—What it Teaches.

The good old adage saying, "Never be in a hurry unless you're catching fleas," has a most important bearing on our lives at the present day, and from it we can learn a fact well worthy of sober thought Doctors tell us (and for once they are right) that we are living too fast. We eat, work, play, do business all with a rush. We take proper time for nothing. We sleep too little, worry too much, exercise not half enough, read and study too continuously. As a consequence, brain softening, paralysis, early deaths, intemperance, dyspepsia, constipation, neuralgia, and nervous exhaustion are far too common. Our insane asylums are daily becoming more crowded, we hear more of sleeplessness, our suicides are becoming almost hourly occurrences.

Our advice is to "go slow," take life easier and use some good tonic and brain food like Rogers' Royal Nervine, which is unequalled for this purpose.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. THE DIRECT TAX BILL!

Which Was Once Vetoed by Cleveland. Passes the Senate--The Mudd Contested Case.

WASHINGTON, Jan. 28.—The senate this afternoon passed the direct tax bill, which passed the last congress and was vetoed by President Cleveland.

The bill passed by a vote of 44 to 7. At 1 o'clock consideration of the resolution of Senator Chandler calling for information concerning the Aberdeen, Miss., outrage, was resumed, and Mr. George addressed the senate.

WASHINGTON, Jan. 28.—The Mudd-Compton contested election case came up before the elections committee of the house to-day. A large number of persons were present. Both parties were represented by counsel. This case is considered the most interesting of the seventeen cases before the committee.

The contestant, Sidney E. Mudd, charges that Mr. Compton, who served several terms in the house, was elected by fraud and intimidation. He alleged improper returns in Charles and St. Mary's counties, and threats and intimidation in Anne Rundell county, as well as irregularities in Baltimore city and county and in other places. Mr. Compton, through his attorneys, claimed that votes thrown out in several counties should have been counted for him. The printed testimony in the case in voluminous.

At a meeting of the house committee on military affairs to day a favorable report on the bill placing Gen. John C. Fremont on the retired list of the army, with the rank of major-general, was ordered to be made to the house.

Favorable reports were also ordered on the bills appropriating $40,000 for the opening of the new soldiers' home at Marion, Ind., and to authorize the sale of the Fort Bliss military reservation near El Paso, Texas, and the purchase of another site.

At its meeting this morning the senate committee on privileges and elections agreed to take up the Montana election cases February 15, and to give all persons interested a hearing on that day.

The senate committe on finance to-day referred the McKinley custom administrative bill to a sub-committe consisting of Senator Allison, Aldrich and McPherson. Mr. Allison is absent from the city, but the other members of the sub-committee went to work on the bill this afternoon. The "Ribbons" bill was referred to a committee. It will be referred in regular form to the secretary of the treasury for a report.

A favorable report on the bill for the relief of the survivors of the wreck of the United States vessels at Samoa was ordered by the house naval committee to-day. An amendment bringing those who have since died of injuries received in the disaster, under the provisions of the bill, was added. The bill transferring the revenue marine service to the navy was discussed by the committee, but no conclusion was reached.

DON'T LIKE PROHIBITIONISTS.

The Woman's Christian Temperance Union Refused the Occupancy of a Building.

MILWAUKEE, Wis., Jan. 28.—The Woman's Christian Temperance Union here yesterday received formal notice from the directors of the Young Men's Christian Association building. The notice says that, having allied themselves with the prohibition party, the women must be treated like any other political organization and are therefore debarred from occupying quarters in the Young Men's Christian Association building.

This charge grows out of the action taken at the Chicago convention recently, which the Temperance union indorsed. The Young Men's Christian association people are exceedingly loath to talk about the matter.

Secretary Willetts said last evening, he would let the directors explain if they saw fit. It is hinted in outside circles that one of the reasons for the action on the part of the directors was that several liberal subscribers to the Young Men's Christian association funds complained about the ladies being in the building, saying they were really the prohibition party.

A HISTORIC WOMAN.

NEW YORK, Jan. 28.—Mrs. Sarah Bainbridge Hayes, the last surviving child of Commodore Bainbridge who commanded the frigate Constitution in the celebrated fight with Guierro in the war of 1812, died early to-day at the residence of her son-in-law, 72 West Twelfth street. She was in her eighty-seventh year.

LIEUTENANT SCHWATKA.

EL PASO, TEXAS, Jan. 28.—Lieutenant Schwatka is in the city, accompanied by F. Howard O'Neill, in charge of eleven Cliff dwellers from the Sierra Madre mountains, who are members of the Tahuarmari tribe and speak a dialect of their own. They come from Yokohoma, 200 miles from Chihuahua. One of the men has a record of traveling 100 miles in eleven hours. These people will be exhibited in this country and Europe.

DENVER, Jan. 28.—The recent post-office robbery at Albuquerque turns out to be much larger than at first supposed. Chicago merchants will suffer heavily, as it was the Pacific coast east bound mail that was plundered. The mail had been sent by the Southern route on account of the snow blockade. Telegrams were received by the postoffice inspector here yesterday, asking for more assistance. It is believed to be the work of an organized gang of experts, who knew of the diversion of the Trans-Continental mail.

DES MOINES, Iowa, Jan. 28.—The Des Moines fire insurance company, of this city, has levied attachments upon the property of Theodore Gatchill, late secretary of the company, for the sum of $9,000. A GAY TEA MAN.

He Elopes With an English Woman and Her Cash.

MONTREAL, Can., Jan. 28.—W. D. Gallagher, who embodied in his person the Union Pacific Tea company, suddenly left the city with a young English woman, who is said to be the possessor of $35,000 in hard cash. A week ago Gallagher complained to his clerk that he was feeling quite unwell and would have to go home. He took care to empty the till before leaving. He is now believed to be in California.

The clerk's suspicions were not aroused until a day or two later. When the creditors visited the store to take possession of the stock, they saw hundreds of first-class tea chests that adorned the shop and filled the store room behind, all filled with valuable stock. Investigation proved that holes had been bored in each chest and all the tea abstracted, the hole then being neatly covered with foil.

AVENGED HER DEATH.

An Arkansas Boy Puts the Deadly Bullet Into the Body of His Sister's Murderer.--Other Crimes.

BATESVILLE, Ark., Jan. 28.—Jake Schrieber, aged about twenty-one years, shot Miss Emma Fry and George Meissner Sunday as they sat talking on the balcony of the girl's home, eight miles east of here. The girl will probably die, but Meissner will recover. As Schrieber rode out of the yard Albert Fry, a young brother of the girl, seized a revolver and fired three shots at him, the last of which took effect in the back of his head and knocked him down, but he arose and resumed his flight.

Yesterday afternoon Schieber was found in an old house in the neighborhood almost dead. In addition to the shot he had received from Fry he had shot himself with the last cartridge in his revolver, but failed to inflict a fatal wound. He had taken a heavy stone and tried repeatedly to crush his head and each blow had rendered him unconscious for a time. He was brought here last evening and lodged in jail where he lies in a very precarious condition. Schrieber and Meissner were rivals for the hand of Miss Fry.

WICHITA, Kan., Jan. 28.—Dudley Murphy, a leading citizen of Clear Water, 300 miles west, was shot in the back yesterday by Dr. Straum, a prominent physician of the town.

Murphy was coming out of a drug store and Straum was concealed in a stairway watching for him. As Murphy turned to walk down the street Straum shot him in the back with a Winchester. Murphy fell and Straum reloaded and shot him in the back of the neck. He then pulled a revolver and shot the dying man four times and snapped the other cartridge in his revolver.

Murphy was picked up dead and Straum hastened to the jail and gave himself over to the sheriff for protection. A lynching is feared. Murphy just returned from Oklahoma and in his absence of three weeks, it is said, intimate relations sprang up between Mrs. Murphy and the doctor. Straum claims that he heard Murphy was going to kill him and hence his action. Murphy's friends say that he knew nothing of it. Straum has a wife and two children.

SIOUX CITY, Ia., Jan. 28.—Leo Miner, a well known cattle buyer of Tekamah, Neb., became insane yesterday morning and suddenly assaulted Leander Scott, a young man employed at the stock yards, cutting his throat with a dirk knife. The jugular vein was severed and Scott died in a few minutes. The murderer then sat down and calmly waited to be arrested.

SAN ANTONIO, Tex., Jan. 28.—Tony Wilson, aged twelve, and Robert Mills, aged fourteen, quarreled at a variety theatre Sunday night, and went to a neighboring square to fight it out. Wilson remarked that if he had a knife he would settle the matter very quickly. Mills produced a jack knife and gave it to Wilson, daring him to use it. Wilson at once drove the blade of the knife into Mills' heart. Mills fell dead and the young murderer fled, but afterwards went home and was delivered up to the police. He has been an unruly boy.

RESENTED AN INSULT.

The Hebrew Citizens of Albany, N. Y., Withdraw Deposits From a Bank for Insults to Their Race.

ALBANY, N. Y., Jan. 28.—There was an exciting time at the Albany City bank yesterday afternoon. Cashier John Templeton died a short time ago and yesterday afternoon the directors met to elect his successor.

It was expected that David S. Mann, the teller, who has been in the bank for nearly twenty years, would be promoted, but there was a hitch in the program, and during the stormy session of the board one of the directors is credited with saying that they did not want any "Sheeney" at the head of their bank. When Mr. Mann heard this he resigned at once and two of the directors, one of whom was Dudley Farlin, also tendered their resignations, saying they could not afford to be connected with an institution where such ideas prevailed.

The directors then selected William N. Sanders, a well known business man, as cashier. No sooner was their action known on the street, and the alleged insult to the race noised abroad than the Jewish customers of the bank began to withdraw their deposits. Within an hour a crowd of angry men, representing some of the largest houses in the city, and the bank's best customers filled the space in front of the desk demanding that their accounts be closed at once.

One man received a certified check for nearly $200,000, and it is said that nearly half a million was withdrawn. The proceedings will probably be continued to-day, but the bank officers say they can stand it and are satisfied with their choice. The matter is the leading subject of conversation in town.

ANOTHER VICTIM.

Mrs. Emma Toomey, of Dunfee, Meets a Horrible Death on the Nickel Plate.

Mrs. Emma Toomy, a deaf and dumb lady, met a horrible death yesterday at Dunfee, a village, ten miles west of this city. She was run down and instantly killed by a Nickel Plate train.

The details of the sad accident, as far as the SENTINEL reporter is able to get them, are as follows:

About 3 o'clock yesterday afternoon Mrs. Toomy, a middle-aged lady, who lived about a half mile west of Dunfee, was going to the village for some purpose, and as the shortest route, walked along the Nickel Plate track.

A light engine and caboose approached her from behind. Being deaf and dumb, Mrs. Toomy did not hear the frantic signals of alarm sounded by the engineer and was totally unaware of her danger until the pilot struck her, knocking her down. Her body was frightfully mangled and torn by the merciless wheels and death was almost instantaneous.

No blame can be attached to the train men, who used every effort at their command to warn the unfortunate lady, but without avail. Mrs. Toomy has relatives in this city.

MEXICAN BANDITS

Cross the Border and Commit Depredation in Texas.

BROWNSVILLE, Tex., Jan. 28.—Two bands of thieves from Mexico have been operating on this side of the river lately. Last week they captured three men near the Calabosa ranch about fifteen miles from this place, and after binding them hand and foot, robbed them and wounded one with a sword. They succeeded in escaping across the border with twenty-three head of horses.

The other band killed a number of cattle and drove off twenty horses and nineteen mules belonging to different people along the border. They were foiled in an attempt to rob a store, but meeting a man named Santillana, they compelled him to remove his clothing which they carried off. Captain Brooks, of the rangers, is now in pursuit.

WE MUST HAVE THEM.

Which Refers to Pavements--Meetings Held in Several Wards Last Night.

Meetings were called last night in several different wards in the city for the purpose of coming to some understanding as to what improvements in the way of new pavements shall be recommended to the city council which meets to-night to consider this question so vital to the city's welfare.

The general conviction appears to be that we need new pavements and need them badly.

Councilman Ely presided at the City hall over a meeting of Broadway property owners, who, after a lengthy discussion as to the kind of paving they would have, decided upon cedar blocks for Broadway from Creighton avenue south to the Nickel Plate railway.

The property owners of the seventh ward, resolved to recommend cedar blocks for Hanna street between Creighton avenue and the railroad tracks; DeWald street from Hanna, to Calhoun; Creighton avenue from Hanna street to Walton avenue and Lafayette street from Creighton avenue to the railroad.

The Sixth ward people met at the city clerk's office and decided on a pavement on DeWald street and Fairfield avenue, but as there was not a full representation the matter will come up again. A majority favored cedar blocks.

An informal meeting of First ward people was held at J. H. Harlman's, but no definite action was taken. A canvass of the property owners on Wayne and Washington streets, between Barr and Hanna streets, the east and west limits of the ward, shows an almost unanimous demand for pavements fire brick or asphalt being the favorite material on Wayne street and cedar block on a plank foundation on Washington street.

A meeting of the citizens of the Eighth ward was held at the A. M. E. church to discuss the matter of pavements. After much discussion it was decided to recommend that a cedar block pavement be laid on Lewis and Division streets; that East Wayne street, from Clinton to Glasgow avenue, be macadamized; that Washington street, between Hanna and Harmer streets, be paved with cedar blocks.

The property owners on Maumee avenue could not come to any satisfactory understanding among themselves as to what style of paving they desire and the matter was left in abeyance.

A committee recently sent to Chicago by the Berry street property owners have voted in favor of asphaltum for that thoroughfare, and it is possible that it will be adopted, although it will meet with determined opposition.

There will be a largely attended meeting of the city council this evening when the pavement question will come up for discussion. One thing has been definitely settled. Our citizens are determined that our thoroughfares must be paved and it now remains only to decide upon the best and incidentally the cheapest manner in which the desired result may be obtained.

But He Was Not the Man.

W. H. Fisher, general passenger and ticket agent, of the Muncie route, was standing at the foot of the stairs leading to his office, the other morning taking a parting whiff at his cigar, when he was approached by an ancient Hibernian with a short black pipe, who asked him for a match.

Mr. F. informed him that he had no match but would accommodate him with a light from his Havana. Taking the proffered weed and jamming it into the bowl of his dudeen meanwhile gazing up comically into the face of the general passenger agent, he said:

Puff, puff—"Is your name Brown?"

"No sir, my name is not Brown, my name is Fisher."

Puff, puff—"Well yu lok loike a frind of mine and his name is Brown." Puff, puff—"and I tell yo sor, he wor the loughest mug I ever see," puff, puff—"but I see ye are not the man."

TUESDAY, JAN. 28, 1890.

THE city council will discuss the pavement question to-night.

ENGLISH capitalists have invested the past year over $20,000,000 in breweries alone in Western cities.

GOVERNOR HOVEY, armed with the indorsements of 3,500 Grand Army posts, has gone to Washington to aid the cause of service pensions.

TWENTY states are now represented in the order, "Sons of the Revolution." The annual congress will be held at Louisville in April next.

COVINGTON and Louisville will be united by a new railroad system, reducing the distance between Cincinnati and Louisville thirty miles.

M. W. LEE, of Bluffton, was defeated for nomination for representative before the primary convention of Wells county by a most decisive vote. George E. Fulton received 1,604 votes and Mr. Lee 1,109.

IT is stated that twelve presbyteries, representing 499 ministers and 60,347 communicants have voted against revision, while thirty-three presbyteries, representing 1,198 ministers and 170,889 communicants, have voted for it.

HON ELI W. BROWN issued the first number of his new paper, the Columbia City Times, Saturday last. It is a bright, newsy, able-edited paper and deserves patronage. We wish Mr. Brown success in his publication of the paper.

REV. S. T. GILLETT, D. D., the venerable Methodist preacher, who has spent so many years in religious and educational work in Indiana, died yesterday at Indianapolis, of a general breaking down of the constitution, aged about eighty one.

GENERAL SHERMAN will be seventy years old on the 8th of February. The Union League club, of New York, will give him a reception on the occasion, to which the president, the members of the cabinet and the chief officers of the army and navy are invited.

THE suit of Warden Patten, of the prison south, against ex-Warden Howard to recover $2,800 which it is alleged belongs to the convicts in the pen, and was misappropriated by Howard, has been concluded at Jeffersonville. The verdict was against him, the jury finding for $2,500.

MR. THOMAS G. SHEARMAN, of Brooklyn, N. Y., desiring to encourage the efforts of college and university students, and others, in economic studies, has offered through the American Economic association the sum of $50 for the best essay on the subject of estate and local taxation of personal property in the United States.

THE famous Jones twins are now in Philadelphia, astonishing the natives of the Quaker City by their unique sustenancy for $1,000 a month. The celebrated twins are now past six months old and are said to have developed into handsome children. While lying on their backs they vary the monotony of life by raising up their heads and looking at one another.

UNCLE SAM pays his 200,000 employes, including soldiers and sailors, an average salary of $825 apiece. The average earnings of the plain every-day citizen, who gets pay in proportion to the work he does, are about half that much, probably. This state of affairs explains, perhaps, why about 26,000,000 male American citizens make a dead set for about 50,000 offices every four years.

THE bill for the admission of Idaho into the union is said to disfranchise all residents who have loaded themselves with the obligations prescribed in the "Endowment House" ceremonies as a condition of admission to the church. The Mormons are fighting the bill bitterly, both in congress and the courts. They don't want their church put under the ban of the law in so peremptory a fashion.

A BILL has been introduced in the Ohio legislature providing for the payment by the state to each county a sum equivalent to one-half cent for each inhabitant, providing the sum total for any one county does not exceed $200. This money is to be expended in the support of farmers' institutes, although no part of it is to be paid in salaries, and no county shall receive the benefit of the law until its institute has been organized and has in its treasury $25 of its own money.

THE intimate friends in Logansport of Dr. Frank Ingram, of New York city, learn, through what they claim reliable sources, that the doctor is engaged and in the near future will marry Miss Nellie Bly, who has just completed a tour around the world. The doctor was born and raised in Logansport. He was one of the medical men who examined Miss Bly relative to her mental condition while she was incarcerated in a New York insane asylum. She had completed the mission on which she was bent and was trying to secure her freedom. Dr. Ingram pronounced her sane. Afterward an attachment sprung up between them, which will result in their marriage. Dr. Ingram has a brother, John, living in Indianapolis.

ENGLISH syndicates have put $4,000,000 in Chicago breweries; $4,500,000 in New York breweries, and $12,000,000 in St. Louis breweries. Whichever route the world's fair may take the syndicates are assured of a halcyon and roseiferous trade.

AN enterprising capitalist in Philadelphia has engaged a number of bootblacks and pays them a fixed sum for their services, no matter how much they take in. He is as suspicious as he is enterprising, and has attached to each boot-blacking box a register, which the operator is required to ring every time he secures a patron.

TO prevent the theft of postage stamps a special stamp for business firms that use the mails largely has been proposed. If the idea is adopted, the new stamp will be twice the size of the ordinary one, with the business card of the firm beside the usual vignette. Dishonest employes would find it difficult to dispose of stamps bearing their employers' name.

THE Civil Service Chronicle, published at Indianapolis says: "The annual meeting of the Indiana Civil Service Reform association will be held in March or April. As the time approaches the project of holding it in Fort Wayne is being discussed. Many prominent men in the city have become identified with the association, and have taken an active interest in the work. It is true, also, that cities like Fort Wayne, Richmond and Terre Haute should have the civil service law applied to their local federal offices; this object, agitation at home would tend to hasten."

SOME of the guides in Washington, who show the sights to strangers, are men of rare acquirements. One of them a few days ago took a party of three ladies into the court of appeals room. Stopping before Palmer's bronze statue of Chancellor Livingston, he said, "This is a bust of Livingston, the discoverer." "I never heard of Livingston, the discoverer, before," ventured one of the ladies. "Are you sure?" "Yes, mum," replied the guide, "quite sure. He was a navigator of great renown. See his telescope in his hand" (pointing to a scroll). Then with a swing of his hand the guide called attention to the portraits of eminent jurists of the past about the walls. "These are all pictures of navigators who have become famous. There are some lawyers among them, though."

NOT DOWN ON THE BILLS.

A Scene at a Theater Which Was Greeted With Storms of Applause.

An amusing incident occurred during a recent performance of "The Shadows of a Great City" in New York. There is a scene in the play in which a child is roughly tossed from a rock into the rushing river below.

An officer of the Society for the Prevention of Cruelty to Children, hearing of this, deemed it his duty to put a stop to such actions, and in pursuance of that policy, detailed an officer to look after it.

The officer, on the evening in question, repaired to the theater and gained admission to the stage, there to await the coming of the scene in which he was to play so important a part. He had not long to wait, however, and amid a breathless silence, the child was thrown from the rock, when, to the consternation of all, on rushed the officer, grabbing the child, when, to his surprise, he discovered, instead of the real innocent, a rag baby.

The audience, not being advised of this scene, greeted it with storms of applause. The child who plays the part, was standing in the wing clapping its little hands and laughing over the scene not down on the bills. Our official friend slunk from the building, and it is perfectly safe to assume that the "Shadows of a Great City" company will not be bothered by that ambitious individual hereafter.

The Columbia City Times says: "Mr. Wm. Geake, contractor for the stone work on the court house, completed his contract on the 13th inst. His work amounted in round numbers, to the sum of $40,000. Of this sum, he informs us, he paid in labor and freight, about $28,000, mostly in labor. In every respect Mr. Geake has done a most excellent and satisfactory job. He tells us that he has lost over $3,000 on the contract, owing to the strike and advance in wages growing out of them."

What is a cold in the head? Medical authorities say it is due to uneven clothing of the body, rapid cooling when in a perspiration, &c. The important point is, that a cold in the head is an inflammation of the lining membrane of the nose, which, when unchecked, is certain to produce a catarrhal condition—for catarrh is essentially a "cold," which nature is no longer able to "resolve" or throw off. Ely's Cream Balm has proved its superiority, and sufferers should resort to it before that common ailment becomes seated and ends in obstinate catarrh.

One of my customers, a highly respected and indigential citizen, but who is now absent from the city, has used Swift's Specific with excellent result. A common remark. If you take Tutt's Pills you can eat anything you like, and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regular bowels.

Don't Fear Now.

Rev. R. Burts, Manata, Fla., says: "Tutt's Pills are held in high repute as a Liver Regulator. I hardly know how we could get along without them. Chills and fever have fled their dread. Our people take one or two doses of the Pills, and follow it with fifteen grains of quinine, divided in three doses during the day. The chill never returns."

TUESDAY'S TIPS!

As They Are Caught Around the Busy Centers....The Pennsylvania Company's Earnings.

The Pennsylvania Railroad company earned more money in the year 1889 than in any previous year of its history, in spite of floods and other interruptions. For the last six months its periodical statements have shown steady gains, and the earnings of December, published on Friday last, lead all, and bring the total for the year far ahead of any previous year, the receipts of December reaching $4,495,264. The earnings of the year are beyond parallel, reaching in the twelve months $61,514,444. Every month, June excepted, showed an increase over the corresponding month of 1888. The average gross earnings were $5,127,870 a month. The growth of the business on that system is shown in the fact that in 1885 the average monthly earnings were $3,801,252.

The returns on the western lines are fully as good as on the lines east of Pittsburg. In 1888 the lines west of Pittsburg did not earn interest charges by $170,145, and to make good this deficiency and provide for other needs the Pennsylvania road proper had to hand over to the western lines $1,020,000 of the profits of its eastern lines. Last year, however, the western roads earned all their charges and $1,192,817 besides. Taking the whole system, east and west, the Pennsylvania railroad stockholders are better off by $2,868,977 than they were in 1888. All the expenses of repairing the flood damages were defrayed out of the year's receipts.

A PENCIL PICTURE.

For the last ten years Capt. F. F. Holtz has been purchasing timber agent for the Olds wheel works. A few months more than a half century has passed over his head and his life has been an eventful one. He was born in Prussia and came to this country with his parents when he was but ten years of age, settling, in 1849, in Fort Wayne. Here he obtained a common school education, and when fourteen years of age, commenced clerking, which he continued until the breaking out of the war.

With the first call for volunteers he enlisted in the army and served until the close of the rebellion. His soldier record was one of bravery and with the army of the west he participated in many hotly waged battles, never shirking duty or refusing to face danger for the flag which he still continues to love so well. When the war closed he came to this city and engaged in the grocery business, retiring from it in 1875 to become cashier of the Empire line, which position he resigned in 1880 to accept his present one.

He is one of the prominent G. A. R. men of the city and is past commander of the Hion S. Bass post. Personally Captain Holtz is one of the pleasantest of men and enjoys a wide circle of friends. He has opinions, and whether it is in politics or some other subject, expresses them with a force and a clearness that there is no mistaking his meaning.

THE DAY'S GOSSIP.

Hon. J. H. Bass returned from Chicago last night.

Fred Weohnker, of the Janney works, has been on the sick list.

Nat Miller, of the electric light works, has recovered from his recent illness.

Louis Figer, of the electric works, has been on the sick list for several days.

H. Hialop, fireman at the Janney works, is on duty again after an illness.

The wife of Charles Schiefer, blacksmith at White's wheel works, is quite ill.

Louis Dehart, of the boiler shops at the Kerr Murray works, is ill with the grippe.

Charles C. Miller, private secretary to Manager R. T. McDonald, has returned from St. Louis.

John Hackinrider, carpenter at the east Pittsburg shops, is again at his post after an illness.

Rob Castle, laborer at White's wheel works, has returned to work after a week's vacation.

Clark W. C. Basde, of the Pittsburg blacksmith shops, is on duty again after a few days illness.

W. S. Jordan, representing the passenger department of the Big Four railway, is in the city.

The Brotherhood of Locomotive Engineers will give a ball in this city on the evening of January 29.

Officer Romey found a man named McCarty, lying on the Pittsburg track last night helplessly drunk.

Will Hooper, who has been putting in a Fort Wayne electric plant at the Michigan City prison, has returned home.

Charles Knight, of the Fort Wayne Electric company, left for Cincinnati this morning on business for the company.

E. H. Rogers, Wm. Lohrman, and J. E. Long, engineers on the Pennsylvania road, have been off duty on account of sickness.

The name of the Brotherhood of Railway Brakemen was changed on January 1, and that order will hereafter be known as the Brotherhood of Railway Trainmen.

John Ford, of the Pittsburg car shops, sustained a severe fall while going to his work yesterday morning.

I. C. Peck, traveling passenger agent of the Fort Wayne, Cincinnati and Louisville railway, is at headquarters.

Barney Fitzpatrick, general foreman of the Pennsylvania machine shops, has returned to work, after being sick for some time.

Ed Mundt, assistant electrician at the Pittsburg shops, has returned from an extended wedding trip, and was at work yesterday.

C. P. Webb, the cut-rate ticket man who has ticket offices at various points, is here looking after the interests of his Fort Wayne office.

Tom Golden, clerk at the east Pittsburg car shops, who has been confined to his home for some time by sickness, was again at his desk yesterday.

George Wilson, operator for the Fort Wayne, Cincinnati and Louisville railroad at Bluffton, Ind., has resigned to take service with the Nickel Plate road.

Emanuel Martin has resigned his position as machinist at the oil, pump and tank works, to accept more lucrative one with N. G. Olds & Sons' wheel works.

The Pennsylvania company has closed contracts for 1,200 more box cars. The car works at Erie are to build 500, those at South Chicago 500, and the Lafayette car works 200 of this number.

Charles Adams, assistant general passenger agent of the Pennsylvania lines, with headquarters at Chicago, is arranging his affairs to spend a few months in Europe. His health of late has been poor.

W. H. Mante, formerly on the Cincinnati, Hamilton and Dayton road, has been appointed agent of the Fort Wayne, Cincinnati and Louisville road at Bluffton, Ind., vice J. W. Stake, resigned.

Conductor C. F. Underwood, of the Fort Wayne, Cincinnati and Louisville passenger service, is confined to his bed with pneumonia. Conductor Shea lifts fares and punches tickets during Mr. Underwood's illness.

General Passenger Agent Ford, of the Pennsylvania lines west of Pittsburg, and of the Vandalia, has sent a protest to General Passenger Agents Chandler, Townsend and Wishart against the proposed application of differential fares through St. Louis to New York, as all-rail rates from Missouri points. This, it is feared in passenger circles, means another passenger rate war out of St. Louis.

The caboose and several cars of the Chicago and Atlantic freight train in charge of Conductor Hill, were demolished Saturday night at Griffith, by a rear end collision with a Wabash train. The engine of No. 58, drawing the Chicago and Atlantic train, broke an eccentric, which caused a delay, and the Wabash train came on with such speed as to render it impossible to stop until the crash came. The road was blockaded and passenger trains used the Pan Handle road from Griffith, reaching the Chicago and Atlantic road at Knox.

The prospects are good that, within the next eighteen months, there will be another direct line between Cleveland and Chicago. The Baltimore and Ohio is behind the movement. This is said to be one of the reasons for that company's purchasing the Valley road. The link needed from Akron to Chicago Junction has already been located, and it will now doubtless be built. While it is not generally known, the Big Four, from Cleveland to Crestline, and the Pittsburg, Fort Wayne and Chicago from that point to Chicago, makes a shorter route than does the Lake Shore between Cleveland and Chicago.

W. D. Lane, the crooked postal clerk arrested in Pittsburg, was taken Saturday to Indianapolis, where he had a hearing before Commissioner Van Buren. He now confesses to stealing two letters, one at Bowerstown containing $235, and the decoy letter at Richmond, containing $5. He denies that his operations extended any further than this, but there is little doubt that during the past three months he has stolen over $400 from registered letters. When taken to Marshal Dunlap's office he said: "Well, I guess you've got me in a very bad hole," and then acknowledged the theft of the two letters mentioned above.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

THE FLEA.

The Peculiarities and Immense Activity of this Little Animal—What it Teaches.

The good old adage saying, "Never be in a hurry unless you're catching fleas," has a most important bearing on our lives at the present day, and from it we can learn a fact well worthy of sober thought. Doctors tell us (and for once they are right) that we are living too fast. We eat, work, play, do business all with a rush. We take proper time for nothing. We keep too little, worry too much, exercise not half enough, read and study too continuously. As a consequence, brain softening, paralysis, early deaths, intemperance, dyspepsia, constipation, neuralgia, and nervous exhaustion are far too common. Our insane asylums are daily becoming more crowded, we hear more of sleeplessness, our suicides are becoming almost hourly occurrences.

Our advice is to "go slow," take life easier and use some good tonic and brain food like Rogers' Royal Nervine, which is unequalled for this purpose.

FRUIT HOUSE PRICES FOR 1890.

This year opens favorable for the people, so far as the Sugar Market is concerned. Last season the great sugar trust had their grip on the market and made it ruinous to the purchaser—so much so that Sugars were advanced in 60 days at least 50 per cent. This is now over—the Sugar Trust is broken and Sugars have declined to a point lower than they ever were—the last reduction is 1 cent per lb.

We now offer Best Extra C., 5c. Best Standard A., 6¼c.
Powdered and Crushed, 7c. Granulated and Cut Loaf, 7c.

COFFEE, COFFEE—Rio, Java and Roasted Coffee.

There has been little change in the Coffee Market the last three months. It is too high yet. The clique has control of the market and keeps prices up. We still sell our best Rio at 20c. lb. This we are enabled to do in consequence of our large purchases and selling direct to our customers—in this way saving the profit of the jobber and wholesale merchant.

Best Rio Coffee, 20c. lb. Choice Old Govt. Java, 27c lb.
Best Roasted Rio, 23c. lb. Sampson Brand in lb. Packages, 24c.
Sersey Coffee in lb. Packages, 24c. Durham Coffee in Packages, 24c.
Levering's Coffee, 24c. lb.

TEAS, TEAS—Young Hyson, Oolong and Japan.

The high price of Coffee has induced a great many to try Tea—and when it is considered that a pound of Tea can be had for the price of a pound of Coffee and that it will go twice as far, it is not to be wondered at that there is a great increase in our Tea Trade. The truth is we sell double the quantity we used to a few years ago. Our motto is selling large quantities at a small profit, for we purchase direct of the Importers and then in selling direct to our customers we save three profits—the speculator, jobber and the wholesale dealer. We sell a good, rich drawing Tea at 20c. lb., and one grade as low as 10c. lb.

Young Hyson Tea, 20c., 30c.; best, 50c. lb.
Oolong Tea, 30c.; best, 50c. lb.
Imperial Tea, 20c; good, 30c; best, 50c lb.
Gunpowder Tea, good, 30c. best, 50c lb.
Japan Uncolored, good, 30c; best, 50c lb.

CANDIES REDUCED 2c. POUND.

This is owing to the decline on Sugar, which has necessarily affected Candy.

REPORT OF COMMITTEE ON STREETS AND CITY ATTORNEY.

We, your committee on streets and city attorney, respectfully report:

1. We have had in the matter of Mr. Benjamin Mitchell's flood gate and culvert. The services were rendered at a time when it was necessary and in the opinion of the committee on streets and city attorney. The services rendered in preventing alleged claims of property to be used in a case in court against the city. We recommend that to the amount of this part of our report that the city clerk be directed to draw a warrant therefore, being the sum of seven dollars and fifty cents.

2. In reference to the bill of Hippe & Son for five dollars in the matter of damages sustained in the taking of a triangle spot on Harrison street and Wallen street at its intersection with Fairfield avenue. We have had the opinion of the city in the matter, and also as to the merits of his claims as to amount, that the clerk draw a warrant in favor of said Hippe & Son for the dollars.

3. With reference to the petition of Messrs. D. N. Foster, P. A. Randall and others for street gas fixtures, we report that we have not considered the property holders along the line because the petitioners did not state whether they want burners, strip or electric motor line privileges, and until they signify their intentions by a petition it would be useless for the committee to consult those affected. The committee desire a day to meet petitioners but none of them appeared. Wherefore, the committee recommend that the matter be laid over pending further information from the petitioners.
